Bright Star Educational Services signs with TFG Card Solutions

REX, GA – Bright Star Educational Services has selected TFG Card Solutions to provide Pay Cards to their employees. Payroll debit cards will provide employees with a solution to manage their money safely and efficiently. Yashica Lipscomb, Director of Center Operations, is excited to offer the Pay Cards to employees and says, "Many employees do not have checking accounts and this program has helped them integrate into society smoothly. The employees like having a card that displays the Visa logo that they can swipe for purchases." Bright Star and their employees are very happy with TGF and the service they provide.

Studies have shown that approximately 10% of un-banked households were using payroll debit cards at the end of 2002. This figure was nearly zero in 1998. Research projects that 1/3 of these growing demographics, an estimated 40 million US households, will be using payroll debit cards by 2008.
